(INSPECTOR)

**SUMMARY OF REGULATIONS FOR THE MAKING OF BUILDING SEWER CONNECTIONS WITH PUBLIC SEWERS.**

1. A written permit must be obtained from the Sewer Department of the City of Rossford to make any extension, connection, repair or opening into the public sewer in Rossford, Ohio, or in any area under the jurisdiction of said City.
2. Such permit may be secured by a licensed building sewer contractor or written authorization of the owner or agent.
3. No work shall be done on any connection before permit is taken out.
4. At least 48 hours notice with the exception of Sunday and holidays, shall be given to the City Inspector and the proper Authorities prior to opening any street or public way, for which a permit has been issued. Permits must also be secured to open any pavement or improved road.
5. All building sewer contractors' licenses expire on the 31st day of December each year.
6. All work on sewer connections shall be done in accordance with the Rules and Regulations of the City of Rossford.
7. Penalties are imposed on both the owner and building sewer contractor if the provisions governing making of sewer connections are not complied with.

**BUILDING SEWER LOCATION PLAN**

Approximate distance from ground level to point of connection \_\_\_\_\_ feet.

NOTE: Building Sewer Contractor shall sketch in the location of Sewer as installed, giving distances and dimensions to bends, wyes, cleanouts, end of line, etc. Also show street names, north direction, distance to manholes both ways from the connection and any other pertinent information. This installation form must be returned to make the permit complete.

**BUILDING SEWER LOCATION PLAN**

Approximate distance from ground level to point of connection \_\_\_\_\_ feet.

1. A written permit must be obtained from the Sewer Department of the City of Boston to make any extension, connection, repair or opening into the public sewer in Boston, Ohio or in any city under the jurisdiction of said City.

Such permits may be secured by a licensed building sewer contractor on written authorization of the owner or agent.

No work shall be done on any connection before permit is taken out.

4. At least 48 hours notice with the exception of Sunday and holidays shall be given to the City Engineer and the proper authorities before opening an street or public way, for which a permit has been issued. Payment must also be secured to open any pavement or improved way.

2. All building sewer contractors' licenses expire on the first day of December of each year.

3. All work on a building sewer connection shall be done in accordance with the Building Sewer Regulations.

7. Penalties and fines for violation of the above regulations are not specified.

NOTE: Building Sewer Contractors shall adhere to the location of Sewer as indicated giving dimensions and dimensions to bends, valves, manholes, etc. of line, etc. Also show street corner, north or south, etc. to indicate both ways from the connection and any other pertinent information. This information must be returned to make the permit complete.
