

# Public Safety Committee

Meeting Minutes  
Thursday, April 26, 2018

---

Attendance: Mr. Heban, Ms. Zuchowski-Eckel, Chief Drouard, Assistant Chief Stautzenbach, Mrs. Freeman

This was a Fire Department only meeting.

## Fire

- 1) The search for a replacement fire and rescue boat is on-going. Chief Drouard updated the committee on three dealers that he is looking into, Boston Whaler, Lake Assault and Metal Shark. He is currently waiting on calls back. When he talks to Boston Whaler he will ask them to ballpark a figure to on the value of our current boat.
- 2) Staffing. Mrs. Freeman presented the committee the anticipated costs of 24 hour staffing. It is very expensive. The committee brainstormed on less expensive alternatives. One option that Mr. Drouard and Mrs. Freeman will explore is the possibility of having a part time duty officer that will take the duty officer car home and be "on call" over night. Currently taking the duty officer car home is a volunteer position.

The next meeting will be Tuesday, May 8th at 4 pm at the Police station.
